

AMINO BLEND

Glutamine | Ornithine |
Arginine | Lysine |
Citrulline | Carnitine

30 ml / MDV

For intramuscular or intravenous
injection

FUNCTIONS

The combination of these ingredients and the roles they play may aid the body in:

- Protein metabolism
- Cell volumizing
- Anti-catabolism (prevents breakdown of muscle)
- Increase of Human Growth
- Hormone secretion
- Vasodilation and blood flow Increased vitality
- The conversion of fatty acids into energy
- Growth and maintenance of bones and connective tissue
- Fat metabolism and energy
- Performance recovery time
- Muscle building

TRI-IMMUNE BOOST

Glutathione | Ascorbic Acid | Zinc Sulfate

30ml/ MDV

For intramuscular or intravenous injection

OVERVIEW

Tri-Immune Boost is a power packed immunity blend made up of Glutathione, Ascorbic Acid, and Zinc. This high concentration blend of immune boosting essentials is the ultimate immune system enhancer to help maintain a healthy immune response.

- Ascorbic Acid supports cellular functions of both the innate and adaptive immune system.
- Zinc Sulfate plays a role in the development + function of immune process.
- Glutathione protects host immune cells + provides optimal functioning of other cells in the immune system.

NICOTINAMIDE ADENINE DINUCLEOTIDE (NAD+)

250mg or 500mg
up to 2 treatments per unit

Anti-Aging and Neurogenerative

for intravenous use only

OVERVIEW

NAD and *NAD+* occur naturally in the body.

They play a major role in the chemical process of generating energy. *NAD+* is probably the most important co-factor for improving mitochondrial function.

Mitochondria are intracellular organelles

(a.k.a. "energy

powerhouses") where

micronutrients are converted to energy-rich ATP molecules for the cell. *NAD* helps the liver break down fats that are essential to provide energy for the body. Boosting *NAD+*

may help manage a wide spectrum of diseases, ranging from diabetes to cancer.

When *NAD* is given intravenous, some

research has shown it can improve:

+Mental Clarity

+ Concentration

+Alertness

+ Memory

ASCORBIC ACID

- With Preservative
- Corn Based
- 30 ml / MDV
- For Intramuscular or Intravenous

OVERVIEW

Ascorbic Acid also known as Vitamin C, is a powerful Antioxidant that plays an important role in the body. This high concentration of Ascorbic is the ultimate immune system enhancer designed to help maintain a healthy immune response. High dose Vitamin

C may help aid the body in:

- Supporting Various Cellular functions of
- both the innate and adaptive immune system
- Protecting the Body's Cells from damage
- Maintaining the health of skin, teeth, bone, cartilage, and blood vessels
- Helping improve brain function

L-GLUTATHIONE

200mg/ml

5ml/ SDV/ For intravenous use

30ml/ MDV/ For intramuscular use

OVERVIEW

Our bodies quintessential antioxidant defense is the glutathione system, which includes glutathione itself, along with the enzymes and other proteins that enable glutathione to do its work. Glutathione is actually a very simple molecule - our body makes it from three amino acids - cysteine, glycine and glutamine. Levels of glutathione have been shown to diminish with age as well as with chronic illness and poor health. Functions of *L-Glutathione* include:

- Protects cells from free radical damage
- Improves cellular function
- Aids in recovery process
- Acts as a universal toxin-binder

MINERAL BLEND

Magnesium CL | Zinc |
Manganese | Copper | Selenium

30ml/ MDV

For intramuscular or intravenous
injection

FUNCTIONS

The combination of these ingredients and the roles they play may aid the body in:

- Higher function of nervous system, behavior, memory, and learning
- Immune defense + function
Combating infections and wound healing
- Metabolism of amino acids, cholesterol, glucose, and carbohydrates
- Cognitive function
- Fertility in both men and women
- Thyroid hormone metabolism and DNA synthesis

MYER'S COCKTAIL

Magnesium Chloride |
Dexpanthenol | Thiamine |
Riboflavin-5-Phos | Pyridoxine
HCL | Niacinamide | Calcium
Gluconate | Hydroxocobalamin |
Ascorbic Acid

10ml / 1 treatment/ SDV

OVERVIEW

The "Gold Standard" for delivering intravenous vitamins and minerals directly to your bloodstream. Dr. John Myers pioneered this use of intravenous nutrient therapy in the 1960's. The *Myers' Cocktail* may help with:

- Immunity boosting
- Preventative therapy for cold + flu season
- Reduction of fatigue
- Sports performance enhancement
- Hangover remedy
